## IT IS NOW UP TO THE SENATE PROMISED GABFEST MAY FIZZLE

### HOUSE PASSES THE TARIFF BILL.

Climax of Long Struggle a Triumph  
For Leader Underwood.

VOTE ON MEASURE, 281 TO 139

Five Democrats Stray From the Party  
Fold, While Four Progressives, Two  
Republicans and One Independent  
Side With the Main Body of Demo-  
crats—Message Transmitted to the  
Senate and Immediately Referred.

Washington, May 9.—The Under-  
wood bill went through the house, and  
it is now up to the senate to complete  
the fulfillment of the Democratic  
tariff pledge.

The bill was passed in the house by  
a vote of 281 to 139. Only five Demo-  
crats strayed from the party fold  
when the issue finally was joined.

Four Progressives, two Republicans  
and one independent, formerly identi-  
fied with the Republican party, voted  
with the Democrats.

Representatives Broussard, Depre-  
Morgan and Lazaro of Louisiana and  
Smith of New York, Democrats, regis-  
tered their protests against the pro-  
posed tariff revision by voting in the  
negative. Representatives Kelley and  
Rupley of Pennsylvania, Nolan of Cal-  
ifornia and Bryan of Washington were  
the Progressives who sided with the  
main body of the Democrats. Repre-  
sentatives Carey and Stafford of Wis-  
consin, Republicans, likewise joined  
the Democrats in support of the Under-  
wood bill. Representative Kent of  
California was the "independent" who  
approved the proposed Democratic re-  
vision by voting for it.

Underwood Startles House.

Just before the bill was passed an  
announcement was made by Represen-  
tative Underwood that created a stir.  
Underwood served notice that if any  
manufacturer in the United States at-  
tempted for political reasons to dis-  
credit the new tariff, the administra-  
tion had agencies within its power to  
deal out punishment to such manufac-  
turer by publicity of all the facts. Mr.  
Underwood was referring to the law  
passed a year ago creating the bureau  
of foreign and domestic commerce.  
This is the law which Secretary Red-  
field has seized upon in ordering his  
investigation into the pottery indus-  
try, which has been threatening to cut  
wages if the Underwood rates prevail.

The action of the house marked a  
triumph for Oscar W. Underwood.  
Among leaders of all parties there is  
commendation for the superb manner  
in which Underwood has handled the  
tariff bill. Ample time was given to  
all Democrats for debate in caucus  
and in the house.

The bill as passed embodies a com-  
petitive tariff, according to its author.  
It proposes to place American prod-  
ucers on an equality with foreign  
producers, and Democrats insist that  
in the competition that will ensue  
Americans will hold their own, but  
that they will have to be content with  
smaller profits.

The tariff bill was transmitted to-  
day to the senate, where it was at-  
once referred to the committee on  
finance, of which Senator Simmons of  
North Carolina is chairman. Present  
indications are that the bill will re-  
main in committee at least two weeks.

Fought Fatal Duel.

Cincinnati, O., May 9.—William For-  
tarty, a wealthy contractor, was ar-  
rested for the killing of Charles  
Baune, a carpenter formerly in the  
employ of Fortarty. The police allege  
that the killing of Baune was the re-  
sult of a knife duel between the two  
men in a saloon.

Horse Runs Over Aged Woman.

Port Clinton, O., May 9.—Mrs. John  
Disher, 75, suffered a double fracture  
of her right leg when a horse, tied in  
her yard, became frightened at a dog  
and ran over her.

## MONEY QUESTION COMING THE NEXT

### CURRENCY REFORM LEGISLATION NEXT

Wilson Hopes For Final Action  
Before Summer Recess.

Washington, May 9.—President Wil-  
son has decided that the progress  
made in getting the tariff bill through  
the house warrants the taking up of  
currency reform legislation at the spe-  
cial session of congress. He hopes  
now that final action on the currency  
bill to be introduced in the house will  
be taken before the session adjourns  
this summer.

The enactment of a currency law  
will terminate the administration's  
program for legislation at the special  
session. The president conveyed this  
information to Representative Under-  
wood, the majority leader, and Repre-  
sentative Palmer, the Democratic can-  
didate, when they called on him at  
the White House to ascertain his  
wishes with respect to the course  
to be pursued by the house now that  
the tariff bill has been disposed of and  
sent to the senate.

Underwood said after the confer-  
ence that the house probably will re-  
cess for about three weeks. This  
much time will be required for the or-  
ganization of the committee. The  
house will meet again about June 1 to  
begin work on the remainder of the  
administration executive program.

The president made it known that  
he had expected a practical agree-  
ment would be reached between him-  
self and Democratic leaders in both  
houses in time for the actual drafting  
of currency bill soon after June 1.

## ALL THE ENGLISH PEOPLE ARE UNIT

### ROOSEVELT TALKS TO PEACE ENVOYS

War Between England and United  
States Inconceivable, He Says.

WOULD ARBITRATE DISPUTES

Members of the Foreign Delegation  
Declare the Sage of Sagamore Hill  
Unmistakably Referred to the Pan-  
ama Canal Question as One That  
Should Be Settled by Arbitration.  
Luncheon at Oyster Bay.

Oyster Bay, N. Y., May 9.—Speak-  
ing to the international conference  
who are arranging the centenary cele-  
bration of peace among English speak-  
ing people, Theodore Roosevelt said  
he would have the United States and  
Great Britain agree in advance to ar-  
bitrate any question which might  
arise between them. He believes war  
between these countries is inconceiv-  
able.

The conference, some guests at a  
luncheon given at Sagamore Hill.

Although it was said that he did not  
specifically mention the Panama canal  
dispute, members of the foreign dele-  
gation said that he unmistakably re-  
ferred to that question as one which  
should be settled by arbitration, if  
settlement could not be reached by  
negotiation.

"Speaking of the extent to which he  
would accept arbitration methods in  
international disputes," read the sum-  
mary. "Mr. Roosevelt said that he was  
perhaps somewhat of a heretic in the  
eyes of his friend, Mr. Carnegie, who  
sat on his right, as there were cer-  
tainly some subjects which, under  
certain conditions, he would never  
consent to submit to arbitration, but  
he would assure him of this, that so  
far as the British empire and the  
American republic were concerned, he  
was prepared to agree in advance to  
the settlement of any question that  
might arise, either by mutual agree-  
ment, by arbitration or any other  
method that would not produce fric-  
tion. War between these two coun-  
tries was and must be inconceivable."

MOTHER JONES FREE

Taken to Charleston Hotel by Order  
of the Governor.

Charleston, W. Va., May 9.—Mary  
"Mother" Jones, known as "the angel  
of the miners," was released from her  
semi-confinement in the military dis-  
trict by order of Governor Hatfield  
and brought to Charleston, where  
she is staying at her old hotel. She  
is technically still in custody, but is  
unguarded. Governor Hatfield was in-

## BLAZES! THE REVISED FIGURES ARE COMPILED

### BIG INCREASE SHOWN IN OHIO FIRE LOSS

Incendiaries Responsible For  
More Than 500 Fires.

Columbus, O., May 9.—Revised fig-  
ures compiled by State Fire Marshal  
John W. Zuber show that the total fire  
loss in Ohio in 1912 was \$8,600,132, an  
increase in loss over 1911 of more  
than \$2,000,000. The insurance in-  
volvement was \$28,098,462, and the sound  
value of the property was \$48,164,361.  
The total daily fire loss in the state  
was \$22,674.40, the average number of  
fires daily being 16.4. Cleveland sus-  
tained the heaviest loss of any city,  
being damaged to the extent of \$1,  
296,770. Columbus was second with a  
loss of \$961,740. Cincinnati was third  
with \$670,344. Toledo had a loss of  
\$328,828 and Dayton one of \$139,191.

There were 2,982 dwellings fired.  
Of these fires 535 were caused by de-  
fective flues, 419 by chimney sparks  
and 215 by matches and match care-  
lessness. Lightning was responsible for  
286 fires. There were 531 fires of sus-  
picious or incendiary origin. The  
state fire marshal secured 72 convic-  
tions for arson during the year, and  
at its close there were 46 cases still  
pending. Marshal Zuber raps over  
insurance, holding it an incentive to  
incendiarism.

WILSON MAY BE RECALLED

Relations Between United States and  
Mexico at Breaking Point.

Mexico City, May 9.—Henry Lang-  
Wilson, the American ambassador to  
Mexico, has practically received his  
passports. President Huerta, it is re-  
ported, declared that affairs had  
reached a point where Mexico could  
no longer be able to treat in a diplo-  
matic manner with the United States  
unless his government is officially  
recognized. This news leaked out in  
certain circles, and many believe that  
Mr. Wilson will either receive his  
passports or be recalled.

### Slicing Off Broadway as Costly As Painting New York Red

THEY are slicing off Broadway, the famous Broadway of New York city.  
It's costing a mint of money, and it's making the owners of the tall  
buildings angry. Those pictures show how the slicing is being done.  
The large view is of the American Surety company building while the  
magnificent Ionic portico was being cut off as far as it was claimed by the  
building department to be an encroachment beyond a certain limit set forth  
by new regulations and being restored inside the restrictive line. The work  
has progressed since October and represents a cost to the company of \$40,000.  
According to the decision, steps, columns, ornamentalities, etc., no matter how  
elaborate, have had to be shorn off if protruding over four, ten, eighteen or  
twenty-four inches, according to the character. The other illustration shows a  
sample of the work which has sliced the columns at the Church street entrance  
of the City Investing building. Some removals have cost the owners \$125,000.

AFTER KILPATRICK ACT

Advocates of One Per Cent Law Be-  
lieve Former Unconstitutional.

Columbus, O., May 9.—Advocates of  
the Smith 1 per cent tax law who see  
danger in the Kilpatrick measure,  
which removes the 1910 limitation of  
the former and provides for the reor-  
ganization of the budget commission,  
have raised a legal point which may  
knock out the Kilpatrick law, or a ma-  
jority of its provisions.

The Kilpatrick law substitutes the  
city solicitor of the largest municipal-  
ity in city counties and the president  
of the board of education of the most  
populous school district in rural coun-  
ties for the prosecuting attorney as  
member of the budget commission. It  
is asserted that under this plan the  
law will not be uniform in operation.

## Oats Damaged Redress Asked

**Alleged Shipment of Unmerchantable Oats Causes Damage Suit Involving Octa Grain Dealer. London Dealer Files Action in Local Common Pleas Court.**

E. S. Gordin, a grain dealer of London, has filed action in the Common Pleas court asking for the recovery of \$392 damages which he alleges is due him from the defendant, E. A. Allen, grain dealer of Octa.

Gordin, who is represented by C. R. Hornbeck, of London, claims that in August, 1912, he purchased from the defendant three car loads of oats, which the defendant sold to him at 30c per bushel, guaranteeing them to be dry, cool and sweet, but containing a small quantity of wheat.

He further claims that the oats proved to be wet and unmerchantable containing 15 per cent of wheat, and that by reason of the misrepresentation he was damaged to the extent of \$292, which amount he asks with interest from the first day of September, 1912.

In the second cause for action the plaintiff states that he had a contract to furnish the firm of Scott & Woodrow Grain Company, of Columbus, with 10,000 bushels of merchantable oats, and that three of the cars shipped the firm proved unmerchantable. And that the three cars of unmerchantable oats were those purchased from A. E. Allen, of Octa, and by reason of the damaged condition of the oats he was further damaged in the amount of \$100, wherefore he prays judgment for \$392 with interest.

The outcome of the case will be watched with interest.

## Scouts Meet Tonight

A re-organization of the Boy Scouts will be effected tonight at the Y. M. C. A. at 7:30. All boys who were previously enlisted and those who now desire to join are invited to be present. Ray F. ## New Holland Commencement

The annual commencement exercises of the New Holland High school were held in the town hall Thursday night, and proved an unusually pleasant event.

The hall was attractively decorated in the class colors and each pupil did his or her part splendidly. This year the class roll consisted of four young women and four young men, and were: Grace Shipley, Isabel Shipley, Marian Timmons, Mae Jester, Don Asher, Wayne Woods, Lester Taylor and Roy Vandegriff.

Price's Orchestra from Greenfield furnished excellent music during the evening. Each number of the program was heartily applauded by the large crowd present. Each graduate delivered a short oration.

Tonight the 27th annual Alumni

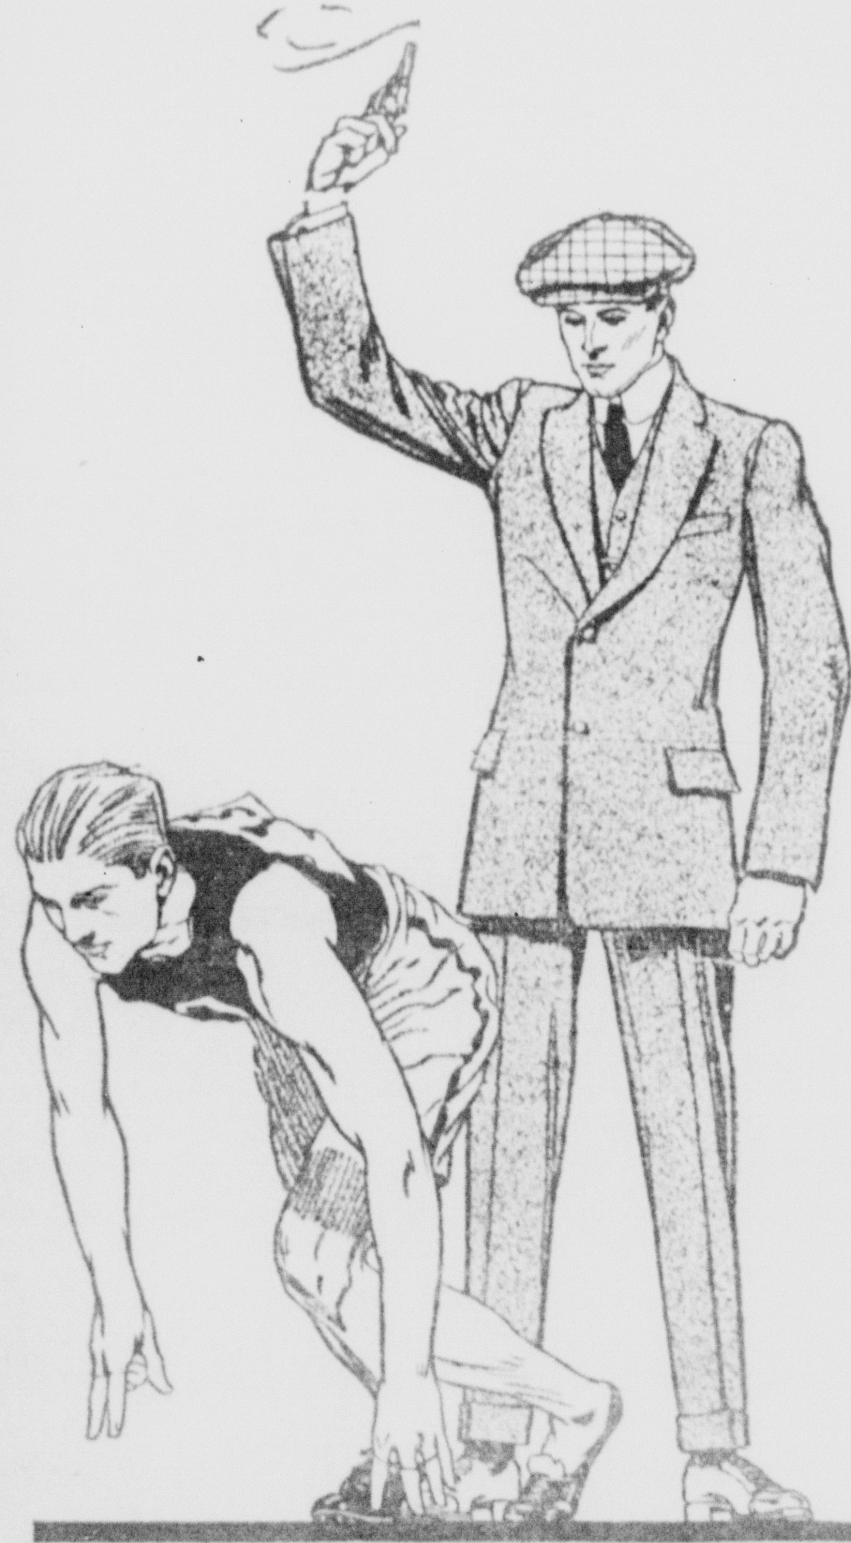

reception for the graduates will be held at the M. E. church, and an interesting program has been prepared. Sunday night Rev. D. A. Polling, who was a candidate on the Progressive ticket for Governor of Ohio last fall, will deliver the baccalaureate sermon.

## Hard Blow To Alleged Plague Cure

Government Experts Make Unfavorable Report on Dr. Friedman's Alleged Cure for Tuberculosis.

Special to Herald.

Dr. Anderson, director of the Government Hygienic laboratory and Dr. Stimson, also of the public health department, reported this morning that the condition of patients inoculated by Dr. Friedman with tuberculosis vaccine does not justify the confidence in the remedy inspired by widespread publicity.

The physicians ask more time to fully investigate the subject before pronouncing final judgment.

The report of the physicians indicate that the alleged cure for tuberculosis has been grossly misrepresented by the German physician and his friends.

Mrs. Roy McClure and little daughter, Enid, are visiting in Bloomingburg for a couple of days.

Miss Clara Meek returned to her home in Indianapolis, Ind., Friday after a visit with her grandmother, Mrs. S. F. Johnson.

Miss Sarah Durnell, of Bainbridge, visited her aunt, Mrs. S. E. Patton, Thursday, remaining over until today.

## State's Guests To Battlefield

Ten Local Men Who Fought on Gettysburg Battleground Are Entitled to Trip at Expense of State to Observe Fiftieth Anniversary of Fearful Conflict.

There are ten Civil War veterans in this county who will enjoy a free trip to the old Gettysburg battlefield the first of July and view once more the scene where just a half century ago in the day they were engaged in the great conflict which resulted so disastrously to both armies engaged, and where men were mowed down like so much grass.

Those in this county who are eligible for the trip are members of the 73rd Ohio Volunteer Infantry and the 1st Ohio cavalry. The member of the O. V. I. are W. H. Hughes, John Harper and E. W. Welsheimer, and the members of Company A, 1st Ohio cavalry are: L. P. Saxton, Hatch Wells, Amos Thornton, George Duffee, Fred Backenstoe, Samuel Rogers and Clark Denious.

Comrade W. H. Hughes was color bearer for the 73rd regiment during the memorable conflict, and the national colors were riddled with bullets, although Mr. Hughes escaped injury in the battle, however he sustained three wounds during the war. Captain Noah Jones, long since dead, commanded Company A. Col. Orland Smith, of Chillicothe, is the gallant officer who was in charge of the 73rd Ohio.

Comrade Hughes is in receipt of a letter from Assistant Adjutant General W. S. Matthews, of Columbus, stating that if the veterans who participated in the battle of Gettysburg will forward their names, instructions for making the trip will be forwarded.

The free trip for the veterans who participated in the battle is the result of a \$12,000 appropriation made by the General Assembly for that purpose. Governor Cox expects to accompany the veterans, and former Governor Andrew L. Harris will be a member of the company.

While the old soldiers are at Gettysburg they will be entertained by the Federal government, which will furnish quarters and subsistence. July 1st to 4th will be spent upon the battlefield.

### MOTHERS' DAY IN CHRISTIAN BIBLE SCHOOL

According to its established custom the Christian Bible school will observe Mothers' Day next Lord's day. The day in this school has always been full of interest and helpfulness. A splendid program is being prepared by the Loyal Daughters' Bible class for the morning service. A cordial invitation is extended to all to attend.

Wear a carnation in honor of your mother—pink if she is living, white if dead.

## Must Pay Help Twice a Month

Fayette county farmers and others employing persons and have been paying them once each month or at longer intervals, must now pay the hired man twice each month under the new law.

The new law recently passed by the legislature is very specific on this point, and there is a heavy penalty attached for failure to comply with its provisions. There is no getting around by side agreements. It is claimed.

## Failure Proves To Be General

The failure of all but nineteen pupils out of a class of 135 in the recent Boxwell-Patterson examination in this county caused some little comment, but in this county the percentage of successful students was about the same as in adjoining counties.

In Highland county only 28 passed in a total of 174 applicants, while in Pickaway county in a class of 139, only 19 passed the examination.

## Sensational Charges Filed

Special to Herald.

Columbus, O., May 9—Charges were today filed against Supt. Daber, of the Dayton State Hospital by Dr. J. B. Koch, who was assistant superintendent until he was discharged last April.

The charges allege drunkenness and lack of discipline. Board will investigate.

## Tariff Changes Welcomed and Condemned

Views of Men of Affairs

Photo by American Press Association. OSCAR W. UNDERWOOD

Country Ready For Revision, Says Framer

Stagnates Sugar Growing

By CHARLES A. FARWELL, President of the Louisiana Cane Growers' Association

By Representative OSCAR W. UNDERWOOD, Who Framed Tariff Bill

WE are willing to concede that immediate free sugar would put the producer to grave disadvantage. But free sugar in three years WILL DESTROY NO LEGITIMATE INDUSTRY in the United States.

I DO NOT ANTICIPATE MUCH DISTURBANCE FROM THE TARIFF REVISION; THE COUNTRY IS BRACED FOR THE CHANGE.

## No Ill Effects

By GEORGE W. PERKINS, President Cigarmakers' International Union

GENERALLY speaking the present tobacco schedule is left intact. My opinion is that there will be no great business disturbance. THE COMMERCIAL INTERESTS OF THE COUNTRY ARE WELL FORTIFIED for tariff revision downward. I DOUBT IF IT IS GOING TO REDUCE THE COST OF LIVING as much as some men seem to expect it to do.

## Bad For Fish Industry

By M. F. BLANCHARD, Director of the New England Fish Exchange

THE salt fish men will be directly affected by the tariff. Many of them will be forced to go out of business. The others will be compelled to move to Newfoundland and Nova Scotia. The fresh fish business will be affected only indirectly at first, but the rubbing of the salt fish industry will, of course, have its effect upon all other branches of the business.

## Will Watch Effect

By COURTENAY WALTER BENNETT, British Consul General in New York

OUTSIDERS will watch the effect of the tariff changes on the industries of this country with great interest. Big businesses have been built up behind a big tariff wall. It would seem likely that when the wall is taken down the BUSINESSMEN MAY FEEL IT.

## Protects Birds

By WILLIAM T. HORNADAY, Director New York Zoological Park

THE effort to protect American birds by tariff legislation is SPLENDID and is the second attempt of the kind. There was one made many years ago, but at that time the birds in this country were not sufficiently well guarded by legislation to make the measure practicable. In recent years, however, laws protecting bird life have been passed in many states and preserves have been established.

THE tariff on American grown sugar means complete disaster for the Louisiana growers, and how it will affect the ultimate consumer I hesitate to think.

## Great Harm

By GEORGE W. WICKERSHAM, Former Attorney General of the United States.

I CAN see no valid or sensible reason for the fact that legislators are for a moment considering the reduction of the tariff on sugar. The idea that such a reduction WILL WORK ANYTHING BUT GREAT HARM or that it will benefit to any extent the consumer of sugar is to my mind so fallacious as to be absurd.

## Unfair Discrimination

By ANDREW E. LITTLE, Shoe Manufacturer

I F boots and shoes are to be admitted free EVERYTHING WHICH ENTERS INTO THE MANUFACTURE OF SHOES should be placed on the free list also. Foreign manufacturers will have an advantage over American manufacturers, as shoe findings and cotton linings, which enter into the product, have no duty levied upon them abroad.

## Farmers Benefited

By M. G. KAINS, Associate Editor of the American Agriculturist

I THINK the downward revision will simply abolish the likelihood of a cattle famine without harming our breeders in any way. Free corn will make no difference to the farmers, for we are an exporting country in that respect. Canada raises an insignificant crop compared to ours. Our wheat is as good and practically as cheap as that of the Canadians.

## Money Saved

By CLAUDE A. SPRECKELS, President Federal Sugar Refining Company

I HAVE consistently advocated the placing of sugar on the free list and have done all in my power to reduce or remove the duty on raw sugar. My stand is due to the fact that I am convinced the AMERICAN PEOPLE WOULD BE SAVED NO LESS THAN \$135,000,000 A YEAR through this revision of the tariff.

## An Uncertainty

By ROBERT E. MANDELL, Wool Dealer

THE free wool tariff will have a FAREACHING EFFECT, and none at the present time can tell what it will be.

## Poetry For Today

## GET BUSY.

Just keep your head cool  
And keep your feet warm,  
And keep your mind busy;  
You'll weather the storm.  
Just work like a winner—  
And never say "die";  
Success will be yours—  
In the sweet by-and-by.

Don't worry o'er trifles—  
Don't whimper and whine;  
Don't think you're a failure,  
Or, dear friend of mine,  
The world will consider  
You're right, and won't try  
To help you along—  
In the sweet by-and-by.

Don't think you're abused—  
The world knows your worth;  
And the man worth his salt  
Is the salt of the earth.  
Keep a stiff upper lip—  
And don't snuffle or cry;  
And you'll come out ahead—  
In the sweet by-and-by.

Don't pity yourself—  
Just hang onto your pluck;  
Opposition, at times,  
Is the best of good luck.  
Until you grow wings,  
Dear friend, you can't fly;  
And you'll never grow wings—  
Till the sweet by-and-by.

—James Ball Naylor.

## A GLIMPSE BACK THROUGH YEARS

(John E. M. Kerr.)

November 11, 1869.

See Lady brought home a deer with him on Saturday as the result of his hunt in Paulding county. Hunters also killed a fine deer in Ross county a few days ago.

Tobacco Seizure: On Monday last three cases of tobacco, 473 pounds, shipped by A. J. Sharp, Cincinnati, to Ely and Stimson, were seized at the depot by James Parcell internal revenue collector for this district for being stamped with counterfeit revenue stamps. Sharp has been arrested.

On the 5th inst., Mr. Henry Kirk shipped from this station a lot of 46 hogs, the largest brought in this season. Their average weight was four hundred and four pounds. They were fed by James Willis. We think "Little Bristle" is ahead so far.

Blind Tom, the musical prodigy, whose wonderful performances have created so much interest for a number of years past, being as he is almost an idiot intellectually, and in spite of this plays the most rare and difficult pieces on the piano with perfection and beauty is to visit this place and will appear at Music Hall some time next month. The Swiss Bell Ringers will also visit us next month.

## INTERESTING BITS OF NEWS

(By John E. M. Kerr.)

A number of Harvard students are preparing to sail the three World fair facsimiles of the vessels in which Columbus made his voyage to America from Chicago to the Panama exposition at San Francisco. Permission has been given by the park board of Chicago to take the Santa Maria, the Nina and the Pinta, down the Chicago sanitary canal to the Illinois river, thence to the Mississippi, down to the Gulf through the Panama Canal and up the Pacific to San Francisco. The board has required a bond of \$10,000 be given for the safe return of the vessels. Since the World's Fair these historic caravels have been in possession of the Park board, and kept in the lagoon in Jackson park near the replica of the La Rabida monastery.

At the recent sale of the Hoe library in New York, \$21,000 was paid by Walter M. Hill, of Chicago, for the medieval romance "Helyas, Knight of the Sevanne", the first English version of the legend of Lohengrin, with romantic additions. It was printed by the Worde in 1512, says the bookman and is the only known copy of this remarkable production. In 1899 Mr. Hoe bought it for \$2050.

Buyers for the great department stores in the cities are commenting through the public press upon the fall in wholesale prices. They say prices are breaking all along the line and never before were they able to buy summer goods at this season of the year at such cuts; in some instances as much as 50 per cent over previous prices. They do not know whether this is due to money tariff agitation or backward season.

The historic Plaza of the Angeles is today a public curb market in the city of Los Angeles. Scores of ranchers and produce raisers are selling their goods directly to the consumers in an effort to reduce the high cost of living. If the plan proves successful the city will be asked to establish similar markets on other public squares.

The spring clean-up of the winter gold dumps began in the Tanana recently in the district around Fairbanks, Alaska. The placer output for the season is figured at from \$4,500,000 to \$5,000,000.

500 love letters of Robert and Elizabeth Browning, part of the estate of their son, sold last week and brought \$32,750. The manuscripts of Mrs. Browning's "Sonnets from the Portuguese" brought \$5650, and her autographed manuscript of "Aurora Leigh" was deemed worth \$1650 by some unknown admirer. Equally high bids, relatively speaking, for lesser documents.

Commenting on the recent discussion, that the publishers are issuing entirely too many books, Jack London, the writer says, "I for one, never can have too many books, nor can my books cover too many subjects. I may never read them all, but they are always there, and I never know what strange coast I am going to pick up at any time in sailing the world of knowledge."

Recently Pitcher Engel, of Clark Griffith's Washington Americans, gave Boston 10 bases on balls in 6 innings and yet only one run was scored off him.

Application has been made to Congress for permission to erect a railroad bridge across the Mississippi just below the mouth of the Missouri another across the Missouri at Weldon Springs. These two structures are to be a part of an interurban trolley system in Missouri and Illinois. The bridges alone will cost \$2,500,000.

The American Peace Congress has just closed its annual session and among other matters commented upon deliveries themselves of the following: "The Congress rejoices in the failure of the militia pay bill to become a law and urges the people of the nation to be on their guard against allowing any such system to be established as will ultimately fasten upon a nation a great and burdensome military establishment. We call upon all friends of peace to guard against the insidious efforts to extend military training in the schools and to make naval and army recruiting stations of our colleges and universities."

## Chicken Thief Made Escape

The frequent visit of a man aged about 60 years, who always brought a basket containing three or four chickens, aroused the suspicions of a local business man and he determined to have an investigation made.

When the fellow left one of the clerks followed him and discovered that he lived in the Jonesboro neighborhood, or at least he disappeared there.

Thursday the man again made his appearance, carrying a basket of chickens, and in some way grew suspicious that there was something wrong, so watching his opportunity he disappeared, leaving chickens, basket and money behind. He had given the name of Frank Marshall, but later changed it to Charles Marshall, and the chickens were issued to him, accordingly.

The police had been notified and were on their way to the place where the chickens had been disposed of, but when it was discovered that the fellow had left, Chief McCoy on a motorcycle went to the Jonesboro

neighborhood but could not locate him. The clerk who had previously shadowed the fellow also went out on a bicycle and saw his man crossing a field, but when Chief McCoy reached the neighborhood again he had disappeared, and so far has not been apprehended.

It is believed the man has been disposing of chickens which had been purchased from neighbors.

### OLD AGE DEFERRED

Echo From the Medico-Legal Society. A few generations back a man at 50 was considered old, gray-bearded, and waiting for death. Note the change today: at a meeting of the Medico-Legal society it was stated that a man of 50 ought to have forty good years ahead of him and, thus at ninety be in the fullness of maturity.

What if you have seen sixty or even seventy birthdays? Superstitions, fresh air and exercise, with a simple diet and a sufficient amount of sleep will guard your health.

For perchance, your circulation is poor. If you become run down, weak and no appetite—nothing in the world will tone up those tired back-sliding organs—enrich the blood and create strength so quickly as our delicious cod liver and iron tonic Vinol.

We ask every feeble, discouraged old person in this vicinity to try Vinol on our agreement to return their money if it fails to give satisfaction. Blackmer & Tanquary, Druggists, Washington C. H., Ohio.

Topnotchers Here Sunday

Sunday afternoon at the Washington avenue park the local baseball team will cross bats with their old antagonists, The Springfield Athletics, champions of the Springfield City league for 1910, 1911 and 1912. With that trio of pennants attached to them, local boys may rest assured that the visitors will "go some" on Sunday.

Twice last year the team played here and twice met defeat by close scores in hard fought battles.

They last season proved worthy antagonists and this year may prove even more. After the close defeat of last Sunday the local fans have realized that the local nine is not absolutely invincible and there is always that delightful chance with a top notch team like that which comes Sunday, which gives spice to the best game on earth. The visitors will present this line-up:

Tyree, c; Bennett or Dagenhart, p; Long, ss; Williams, 1b; Acton 2b; Wolf, 3b; Lubbers, if; Smith cf; Ferguson, rf; Baker, utility.

Among the old favorites noticeably in the line-up is Lubbers, the left-fielder, who covers acres of ground and slings the ball at the most critical moment, in merciless fashion.

Despite the fact that this fast fielder has given local fans several severe scares, both with his inside and his outside play, he is a great favorite here and always gets the "glad hand" from the hostile but fair rooters for our own Athletics.

The battery work on both sides promises to be excellent. Same price of admission and same time of game, 2:30.

Judge Wannamaker Expresses His Views

Special to Herald.

Columbus, O., May 9.—Judge Wannamaker, of the Supreme Court, created a sensation today when he delivered a dissenting opinion in which he scathingly arraigns the courts and holds that the home rule proposition of the constitution is self executing. He attacked both courts and legislatures for getting away from the people by making judge-made laws and taking authority away from the people. He holds home rule in effect.

Torrens Land Bill Signed By Governor

Special to Herald.

Columbus, O., May 9.—Governor Cox today signed 21 bills including Mothers' Pension bill, Torrens Land Title System bill and the bill for the removal of public officials. The Tetlow bill for an 8-hour public work day was also signed by the governor.

A Little More Traction Dope

Concerning the proposed electric road from Hillsboro to Chillicothe, the right-of-way of which is now being secured, the Gazette of Chillicothe says:

Mr. A. N. Fisher, of Indianapolis, was a caller at the Gazette office today and said that the Bainbridge, Hillsboro traction proposition was coming along nicely—a mile and a half of right of way having been given Wednesday. Mr. Fisher said his friends in Indianapolis, who were back of the proposition, had tried to get hold of the Kroger line from Cincinnati to Hillsboro, which was in the hands of a receiver, and had a bridge washed out during the recent flood, but learned the company would be rehabilitated, the bridge put in and that the road could not be purchased at that time.

Mr. Fisher said a meeting would be held at the Chamber of Commerce rooms here this evening, where steps would be taken to get the right of way between here and Bainbridge.

Valuable Paintings Stolen From the Florence Museum.

Florence, May 9.—A painting representing the incarnation of the Virgin, which is attributed to Fra Angelico, and another one representing St. John of the Byzantine school and two unidentified pictures were stolen from the Plesid museum, which was inaugurated a week ago, while the custodian after locking up the place was gossiping in a wine shop across the street. The custodian has been arrested. A 500 lire note was found in the lining of his hat. It is believed he was bribed by the thieves who stole the pictures.

A man living at Auburn, New York, had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, nor run up a heavy doctor's bill, he cured himself completely by using Foley's Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." He has had no return whatever of the pain, backache and burning. His name is J. A. Farmer, and he says: "Of course I recommend Foley's Kidney Pills as a very effective cure for kidney and bladder trouble." Blackmer and Tanquary Adv.

Actress Wife of Ohio Millionaire.

San Francisco, May 9.—Edna Loftis, an English music hall actress, who was arrested recently in this city by United States immigration officials as an undesirable alien, will not be deported. Her release was ordered when it was determined that she is the legally wedded wife of Harry Rheinstrom, son of a Cincinnati millionaire.

After Another Inspector.

New York, May 9.—As a result of information which has been placed in his hand since the conviction of the four inspectors, District Attorney Whitman will move for the indictment of a fifth inspector within the next few days.

## The Man Who Saw It Is On Hand In Mystery

FARMER A WITNESS

Sees Two Unknown Men Beat a Third One to Death.

Columbus, O., May 9.—While two men were killing a third in an East Fifth avenue field, J. J. Sherman, a farmer of Shepard, near this city, drove by on his way to market in Columbus. Sherman saw the men raining blows upon their victim and throw the bloody body into a ditch beside the street. When he drove past the pair stared so forbiddingly at him that the frightened farmer whipped up his team and hurried on to town. The victim has not been identified.

THIS INTERESTS EVERY WOMAN.

A family doctor said recently that women come to him thinking that they have female trouble, but when he treats them for their kidneys and bladder, they soon recover. This is worth knowing, and also that Foley's Kidney Pills are the best and safest medicine at such times. You cannot get better purer medicine for backache, weary dragged out feeling, aching loins, irregular kidney and bladder action and nervousness due to kidney troubles. Try them. They are tonic in action, quick in results. Blackmer and Tanquary Adv.

FORMER SENATOR DEAD

Frank Briggs of New Jersey Succumbs to Bright's Disease.

Trenton, N. J., May 9.—Former United States Senator Frank O. Briggs is dead at his home in this city. For many years he had been a sufferer from bright's disease, and complications which followed that ailment were the immediate cause of death. Mr. Briggs was a son of the late Major James P. Briggs, who served three terms in congress from New Hampshire. He was born at Concord in 1831.

Shoots Customer and Self.

Sandusky, O., May 9.—Charles Robinson, driver, was shot and fatally wounded by Charles Kogel when he went into Kogel's shop to get a shave. Kogel, after shooting Robinson, sent a bullet into his own breast, inflicting a wound that may prove fatal. Police say he is insane.

A slight cold in a child or a grown person holds possibilities of the gravest nature. Croup may come on suddenly in the night, bronchitis or pneumonia may develop, and severe catarrhal troubles and consumption are possible results. veyed to him the reply the president and his advisers desired to have communicated to the Japanese government at this stage of the proceedings.

Ambassador Chinda declined to disclose the character of the protest which he made on behalf of his government. It is generally understood, however, that Chinda informed Mr. Bryan that the Japanese government considered the California bill in violation of the treaty of 1911 and also contrary to the spirit of the friendly relations hitherto existing between the United States and Japan.

He also informed Mr. Bryan that his government looks to the federal authorities of the United States to adjust the matter to the satisfaction of Japan, inasmuch as the Japanese government can have no relations with the state of California.

The earnestness with which the Japanese ambassador has taken up with Secretary Bryan the question of the California-Japanese situation has served to remind the administration of the seriousness of the matter. At the Japanese embassy it has been made quite clear that the Japanese people regard the present controversy as one concerning nothing less than their national honor and that they intend to treat it as such.

It is already known that members of the cabinet entertain divergent views upon the situation. Some are in favor of giving to California the full support of the federal government. Other members of the cabinet, unfamiliar with conditions in the Pacific state, have no sympathy whatever with California.
